

How to Determine Your Ring Size

Follow these simple steps below to find your perfect fit.

1

Print at 100%

Print this guide on A4 paper with page scaling set to 100%.

2

Select a ring you already own

that fits the finger where you plan to wear your new ring.

3

Match the ring to the circles

Match the inside of the ring to circle nearest in size. The measurements shown refer to the inside diameter of the ring.

4

Between two sizes?

If your measurement falls between two sizes, we recommend choosing the larger size for a more comfortable fit.

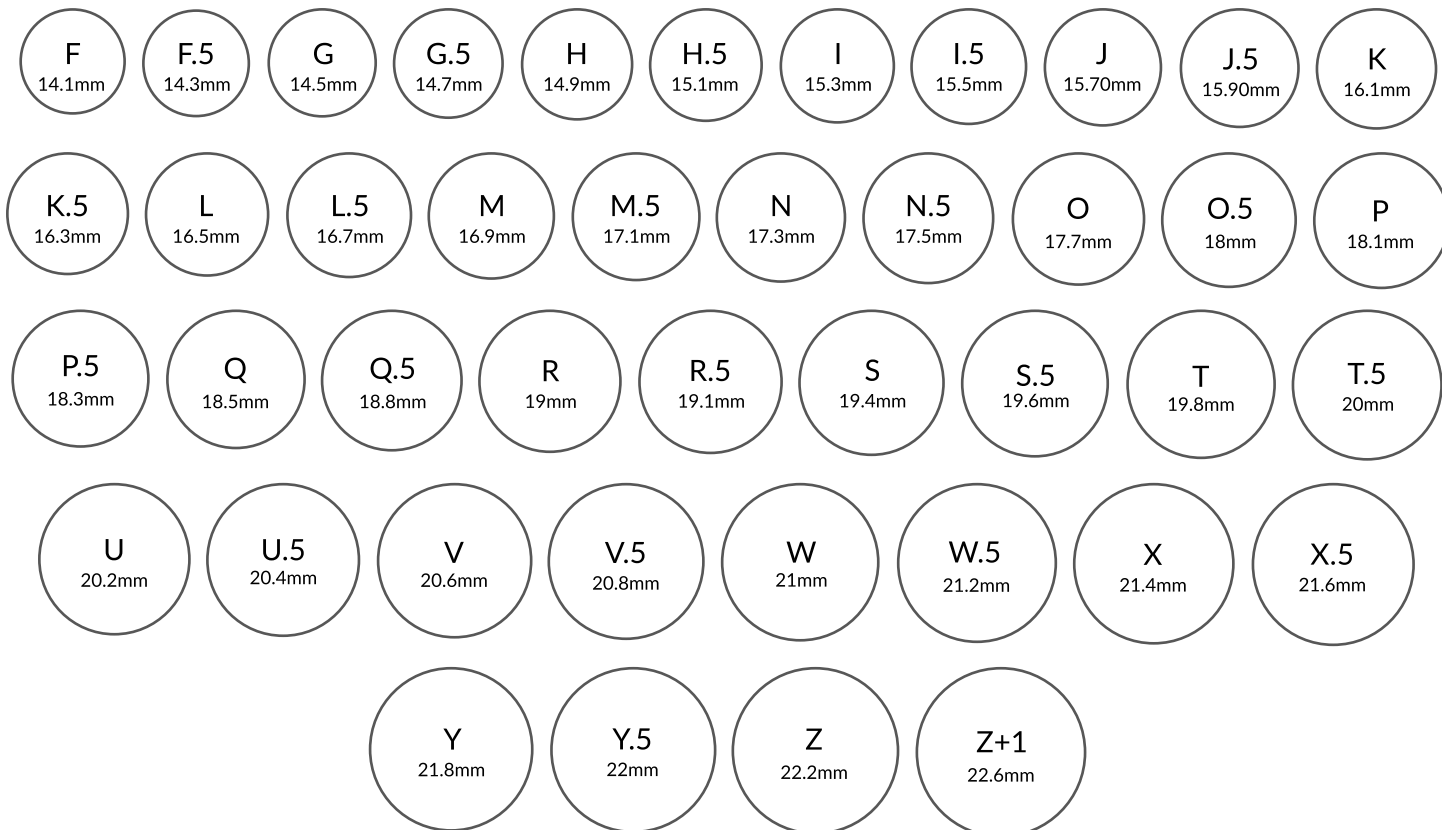

Please note

Consider width. The wider the band, the tighter it may feel. You may need to go up by a half size.

Scaling Check

Place a bank or credit card here to check the scaling. If it fits the rectangle, the scaling is accurate.
